Nominate a primary care provider to manage your chronic condition(s)

There is overwhelming medical evidence that patients experience improved health outcomes when their primary care is coordinated through a single primary care GP. In line with this best practice, starting 1 January 2025, you and your dependants need to nominate a primary care GP for the effective management of your chronic conditions.

When you visit your nominated network GP for the management of your chronic condition, we'll cover the consultation at 100% of the Society Rate. If you see a GP who is not your nominated primary care GP, or your nominated GP is not a network GP, you will be responsible for any co-payments. You and your dependants can change your nomination three times every calendar year.

Consent for processing my personal information

I give the Scheme and the administrator consent to have access to and process all information (including general, personal, medical or clinical information) that is relevant to this application. I understand that this information will be used for the purposes of applying for and assessing my funding request for the HIV benefit. I consent to the Scheme and the administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical information) to my healthcare provider and to relevant third parties, to administer the HIV Benefit as well as undertake managed care interventions related to the chronic condition.

Consent withdrawal for your Disease Management Benefits

Withdrawing consent for your general, personal, medical or clinical information to be accessed or shared with relevant third parties, means that you will no longer have access to funding from the applicable disease management benefits. Claims which would usually be funded from the disease management benefits will, once consent is withdrawn, be funded from other available benefits according to the rules of your plan. Should you wish to continue with the consent withdrawal process, then please email HIV_Diseasemanagement@bemas.co.za.
